

Property Care Association (PCA) Factsheet

Local Authorities

Why choose the PCA?

The Property Care Association should be the first port of call for local authority professionals seeking specialist help on topics including:

- Condensation control
- Damp proofing
- Flood aftermath
- Remedial Timber Treatment
- Structural maintenance
- Structural Waterproofing

The PCA benefits local authority professionals through;

- Association involvement offering help and support to local authorities and trading standards offices across the UK
- Training courses for local authority professionals – including visits to site
- Strict membership criteria for PCA contractor members
- A respected Code of Practice
- Technical panel with specific expertise of working with local authorities and RSLs
- TrustMark approved membership standards
- Mediation
- Guaranteed craftsmanship
- Trained and qualified staff

For local authority professionals involved in the procurement of remedial work, PCA members offer an approved, qualified route. They will guarantee a fairly-priced professional service.

All PCA members are qualified to a professional standard in the area in which they work.

The PCA offers an approved mediation service backed by the Chartered Institute of Arbitrators.

Furthermore, all members are insured and offer a PCA approved guarantee.

To find out more log onto the PCA website www.property-care.org or contact 0870 1216737.
