**IN A NUTSHELL >**

- > SIMPLER APPLICATION PROCESS**
- > NO UPLOADS**
- > INSTANT PAYMENT & POLICY ISSUE**
- > COMPETITIVE PREMIUMS**

*Put simply, we have made the process of applying for a 10 year IBG that little bit easier! You, as a PCA member, will have exclusive access to 'Knotweed Express' through your online members' area.*

*The Knotweed Express IBG policy documentation will be issued to the property owner upon receipt of a satisfactory application and the corresponding premium payment being made to GPI, with the policy cover commencing on the completion date. The completion date is the date that you issue a Completion Certificate.*

*You will be able to choose from three treatment type categories; Domestic up to £5k, Domestic over £5k/Commercial or Development land.*

*Once the treatment type has been selected, you will then be asked to complete some basic information regarding the project before making payment of premium to GPI. In the majority of cases, policy documentation can be issued, by GPI, to the property owner immediately.*

*GPI continue to work with the PCA and its members to improve our offering and are committed to listening to your feedback.*
