

Health & Safety e-Learning

This e-learning package delivers Health & Safety training modules, which cover a range of topics relevant to everyone in the industry, from surveyors to technicians and office-based staff.

The benefits of delivering training in this way are:

- ◆ **Flexibility:** delegates can complete at a time and place to suit them
- ◆ **Complete at your own pace:** either in one session or save your progress and continue at a later date
- ◆ **Inexpensive method:** relevant to any member of staff, as the contents of the e-learning are applicable to any job role— external or office-based

“The online health & safety course was really useful and VERY informative... it genuinely highlighted areas and aspects of the construction industry that I didn't really pay much attention to before.”

Recommended for all

- ◆ Covers important topics for those working in these areas
- ◆ For those who will be taking the CSRT/CSSW examinations, they will specifically examine areas covered by the e-learning module
- ◆ **Only £35.00 +VAT!**
